For the Fiscal Year Ended March 31, 2003

PART I

Item 1. Description of Business

Background

The Company was incorporated in the State of New Jersey on March 4, 1994. On June 13, 1995, the New Jersey corporation migrated to Delaware via a merger with a Delaware corporation formed for that purpose. There are 5,000,000 shares of preferred stock authorized of which none are presently issued and outstanding and there are 25,000,000 shares of common stock authorized of which 9,850,211 were issued and outstanding as of June 30, 2003.

The Company is primarily focused on the development, marketing, management and sale of consumer products. The Company intends to seek innovative consumer products in a range of areas but all must share these basic tenets: they must have global appeal; they must meet the needs of an underserved market; and they must offer the potential of sustainable revenue and profitability. One primary focus is the health and wellness market where all products must additionally have long-term wellness benefits.

The Company discontinued its automotive sales operations, effective October 2001, which was operated by the Company's two wholly-owned subsidiaries AutoSmart USA, Inc. and AutoSmart USA Leasing, Inc. The downturn in automotive sales after the tragedy of September 11, 2001, the subsequent overall recession in the economy and the onslaught of manufacturer subsidized financing options, effectively negated the competitive advantage enjoyed by this operation.

The principal executive offices of the Company are located at 3163 Kennedy Boulevard, Jersey City, New Jersey, telephone (201) 217-4137. The Company's stock symbol on the Over-the-Counter Bulletin Board is "IMNI".

Business - General

Interactive Multimedia Network, Inc., (OTC BB “IMNI”) is a consumer products development and holding company. IMNI has developed or acquired several potentially market leading products that service a wide range of consumer needs. IMNI has developed what can easily be termed a “New Products Portfolio”; consisting of Eye Care products; Diet, Weight Maintenance and Women’s Health products; and a state-of-the-art, technologically robust Airport Security Hardware and Software System that meets the security needs necessitated by the reality of today’s global community.

The Company's primary business activities are identifying underserved markets then developing, acquiring, marketing and management of products that meet the needs of that market. Currently, the Company has two operating subsidiaries, Best Health, Inc., a Florida corporation and Soy Slim Corp., a New Jersey corporation. Each of these subsidiaries is focused on the development and marketing of consumer products that serve the health and wellness market.

The Company has purchased the rights to a patent-pending Security System that utilizes a tag based monitoring system and sophisticated logistical tracking hardware and software, to provide a high level of security at airports, hospitals, stadiums and corporate campuses. Global *P.O.M.*™ stands for “Global ‘Peace Of Mind’.” The Global *P.O.M.*™ system monitors people, luggage, carry-ons, packages and equipment throughout any covered location. In the case of an airport, the monitoring function carries forward through the boarding process, the airplane and connecting flights to the destination airport.

The Company uses multiple channels of distribution, such as retail, direct response television, and the Internet, for the marketing and sale of consumer products and for the introduction of new products, new services and the development of inventions and concepts. In addition to marketing it's own products, it markets products or services for its clients for a fee.

The Company derives its revenue from (i) wholesale and retail sales of Company owned products, (ii) fees charged for marketing services, product branding consulting and advertising services, etc.; and, (iii) commissions earned by the Company based on the sale of its clients' products or services.

Healthcare

Within the Health & Wellness market, consumers spend over 184 billion dollars for weight loss and nutritional products each year and over 2 billion dollars for Contact Lens Replacements and Eye Care products. IMNI's subsidiary, Best Health, Inc., has developed and will manufacture and market Health and Wellness related consumer products in niche markets serving the largest single market demographic in the U.S. – the "Baby Boomer" generation. This demographic focuses on eye care, weight maintenance and the management of symptoms associated with perimenopause. Best Health, offers unique products that address each of these issues.

The Company's subsidiary, Best Health, Inc. acquired the rights to the Lens*Comfort*™ brand name from Lens Comfort, Inc. Best Health offers an ultrasonic contact lens cleaning unit that is coupled with Best's proprietary Lens*Comfort*™ MultiPurpose Solution. This combination creates a complete contact lens care system that is FDA approved. The System ultrasonically cleans, disinfects, rinses, and removes oils and protein deposits in fifteen (15) minutes from all soft (disposable) and gas permeable contact lenses. The System can be used by 95% of all contact lens wearers in the US (approximately 29,180,000 people). The power and frequency of the System are set so as not to damage lenses while yielding a "like new" lens every time for all lens materials and types.

The Lens*Comfort*™ System makes contact lens wear more comfortable, safer and less costly overall. After a two-year market test the System is now "doctor recommended" and "consumer approved." The Lens*Comfort*™ products are delivered directly to consumers to provide convenience and cost savings and are available through www.lenscomfort.com.

Best intends to enter the business of selling all types of replacement contact lenses at competitive prices through the Internet under the name "Price Buster Lenses™".

The Company acquired 90% of the outstanding shares of SoySlim Corp. to gain control of the SoySlim™ product line which brings to the consumer a multitude of health benefits beyond weight maintenance. Soy based products specifically have the added benefit of enabling women to manage the myriad of symptoms associated with Perimenopause and PMS. It effectively addresses the underserved market of more than 80 million women between the ages of 20-60 in the US alone. SoySlim™ additionally addresses the needs of the more than 50% of Americans that are Lactose Intolerant as well as those of the general population of men and women who desire to reduce and control their weight while maintaining a more healthful and active lifestyle. Further information on SoySlim™ is available at www.soyslim.com.

Security

The Company has purchased the rights to a patent-pending Security System that utilizes a tag based monitoring system and sophisticated logistical tracking hardware and software, to provide a high level of security at airports, hospitals, stadiums and corporate campuses. The tag is non-user serviceable and alerts security should it be tampered with. *Global P.O.M.*™ stands for "Global 'Peace Of Mind'." The Global *P.O.M.*™ system monitors people, luggage, carry-ons, packages and equipment throughout any covered location. In the case of an airport, the monitoring function carries forward through the boarding process, the airplane and connecting flights to the destination airport.

The newly formed agencies of the Office of Homeland Security and the Transportation Security Administration are actively seeking tomorrow's security solutions such as IMNI's patent-pending Global *P.O.M.*™ security system. Global *P.O.M.*™ utilizes an ensemble of technologies and couples them with its tamper-proof tag that is affixed to all persons and their respective property or equipment as they populate and migrate through the secured area regardless of the vastness of the area. It is a system consisting of multiple layers of technologies seamed together through hardware and software interfaces creating a pervasive, yet non-invasive monitoring web.

Marketing Services

For its marketing clients, the Company provides complete business modeling, product development and marketing plans enabling individuals or entities that contract with the Company a business development and an advertising program specifically tailored to their products or services and their budget. This includes recommended media buys, target demographics, print, television, Internet advertising and other necessary information and plans to attempt to successfully bring the client's product or service to market. Certain larger clients only require that the Company design and produce a web site for them to host on their own. Others require the Company to also host the site, provide all of the necessary e-commerce tools and provide the telemarketing/customer service functions as well. For small to medium size companies the Company can function as their marketing department and for larger companies the Company can function to augment their existing marketing programs. The Company uses television, the Internet and retail exposure simultaneously, to promote sales and brand awareness for its clients' products and services.

Revenue

The Company's revenue comes from the wholesale and retail sale of its own products and the sale marketing services to clients. Since most of the Company's energies are presently focused on developing its own consumer products, revenue for the current period is minimal.

In the twelve month period ended March 31, 2003, revenue from the Company's marketing business accounted for $35,445 (or 90% of revenues) and revenue from the sale of the Company's health and wellness products accounted for $3,817 (or 10% of revenues). While in the twelve month period ended March 31, 2002, revenue from the Company's marketing business accounted for $45,800 (or 3% of revenues) and the sale of the Company's health and wellness products accounted for $0 (or 0% of revenues) and revenues from discontinued operations accounted for $1,350,673 (or 97% of revenues).

Employees

As of March 31, 2003, the Company had 2 employees of which 2 are in Management. The Company utilizes the services of independent contractors and subcontracts employees for support functions. The Company believes that its labor relations are good. No employee is represented by a labor union.

Item 2. Description of Property

The Company's principal executive offices are located at 3163 Kennedy Boulevard, Jersey City, New Jersey 07306 in 1,000 square feet of office space on a month to month basis. Verdiramo & Verdiramo, P.A., a law firm operated by the Company's former president, who is also the father of the current president and the other partner of this firm is Vincent S. Verdiramo, the son of Vincent L. Verdiramo and the brother of the Company's current president, Richard J. Verdiramo. Although Verdiramo & Verdiramo, P.A. has agreed not to charge rent and is not expecting payment from the Company for the office use, an amount of $1,200 has been reflected in the financial statements as rent expense, which is offset to Paid in Capital in the same amount for the fiscal years ended March 31, 2003 and 2002.

The Company believes that its property is adequate for its present needs and that suitable space will be available to accommodate its future needs.

Item 3. Legal Proceedings

The Company is involved in several lawsuits of which it itself is party to two lawsuits. It's discontinued AutoSmartUSA subsidiary is party to five (5).

AutoSmartUSA's former landlord, Pompano Motor Co., has commenced litigation in the 17th Judicial Circuit,in the state of Florida. The claim and counterclaim are pending. The Company is being sued as the guarantor of AutoSmartUSA's lease. The potential value of this suit is $82,641.99 plus 280,000 shares of the Company's common stock, plus costs and fees, etc. Management and its attorneys believe that this case will be handled in the ordinary course of business. The Company, in reliance on its counsel, believes that it has a meritorious defense to the complaint and intends to vigorously defend this suit. Potentially this suit will be dismissed or at the least be settled at a value substantially lower that the original claim.

Wachovia Bank, in the Superior Court of New Jersey, Law Division, Burlington County against the Company and Vincent L. Verdiramo, the Company's former president, has brought the second suit . This suit is demanding repayment of a business loan that had an original value of $25,000 plus interest and fees. The Company and Mr. Verdiramo have answered this suit denying all claims that either Vincent L. Verdiramo executed a certain note and guarantee or that the Company authorized the transaction. Management and its counsel believe that this case will be handled in the ordinary course of business and will potentially be dismissed predicated on its filing of a motion for summary judgment.

The Company's discontinued subsidiary AutoSmart USA Leasing, Inc., is involved in five (5) lawsuits with various vendors that it transacted business with while it was in operation. These cases revolve around certain automotive sales related transactions and are between AutoSmartUSA and certain automotive dealerships and lenders. These cases do not name the Company as a party. All cases are in the state of Florida with three (3) in the 17th Judicial Circuit, Broward County, one (1) in the 15th Judicial Circuit, Palm Beach County and one (1) 11th Judicial Circuit, Dade County. The cumulative contingent liability against the Company's AutoSmart USA subsidiary associated with these lawsuits is $280,332. At present, AutoSmart USA has no assets, so to the best of management's knowledge and belief, should the plaintiffs in any of these lawsuits prevail against AutoSmart USA the subsequent outcome should not impact the business of the Company.

Item 4. Submission of Matters to Vote of Security Holders

No matter was submitted to a vote of security holders during the fourth quarter of fiscal year 2003.

PART II

Item 5. Market for Common Equity and Related Stockholder Matters

The Company's Common Stock is traded on the Over the Counter Bulletin Board under the symbol "IMNI".

The following bid quotations have been reported for the period beginning March 31, 2001 and ending June 30, 2003.

QUARTER ENDED	HIGH BID	LOW BID
March 31, 2001	$ 0.06	$ 0.05
June 30, 2001	$ 0.42	$ 0.04
September 30, 2001	$ 0.20	$ 0.07
December 31, 2001	$ 0.15	$ 0.01
March 31, 2002	$ 0.46	$ 0.01
June 30, 2002	$ 0.36	$ 0.14
September 30, 2002	$ 0.25	$ 0.11
December 31, 2002	$ 0.26	$ 0.06
March 31, 2003	$ 0.14	$ 0.06
June 30, 2003	$ 0.25	$ 0.06

Such quotations reflect inter-dealer prices, without retail mark-up, mark-down or commission. Such quotes are not necessarily representative of actual transactions or of the value of the Company's securities, and are in all likelihood not based upon any recognized criteria of securities valuation as used in the investment banking community.

To the best of the Company's knowledge, from March 2001 to March 2002, no broker-dealer made an active market or regularly submitted quotations for the Company's stock, and that during this period, there were only a de minimis and infrequent number of trades and de minimis trading volume. There is no assurance that an active trading market will develop which will provide liquidity for the Company's existing shareholders. The preceding information is from the National Association of Securities Dealers Automated Quotation Service.

As of June 30, 2003, there were 122 holders of record of the Company's common stock. Certain of the shares of common stock are held in "street" name and may, therefore, be held by several beneficial owners.

As of June 30, 2003, there were 9,850,211 shares of Common Stock issued. Of those shares 3,457,511 shares are "restricted" securities of the Company within the meaning of Rule 144(a)(3) promulgated under the Securities Act of 1933, as amended, because such shares were issued and sold by the Company in private transactions not involving a public offering.

In general, under Rule 144, as currently in effect, subject to the satisfaction of certain other conditions, a person, including an affiliate of the Company (in general, a person who has a control relationship with the Company) who has owned restricted securities of common stock beneficially for at least one year is entitled to sell, within any three-month period, that number of shares of a class of securities that does not exceed the greater of (i) one percent (1%) of the shares of that class then outstanding or, if the common stock is quoted on NASDAQ, or (ii) the average weekly trading volume of that class during the four calendar weeks preceding such sale. A person who has not been an affiliate of the Company for at least the three months immediately preceding the sale and has beneficially owned shares of common stock for at least two (2) years is entitled to sell such shares under Rule 144 without regard to any of the limitations described above.

No prediction can be made as to the effect, if any, that future sales of shares of common stock or the availability of common stock for future sale will have on the market price of the common stock prevailing from time-to-time. Sales of substantial amounts of common stock on the public market could adversely affect the prevailing market price of the common stock.

The Company has not paid a cash dividend on the common stock since inception. The payment of dividends may be made at the discretion of the Board of Directors of the Company and will depend upon, among other things, the Company's operations, its capital requirements, and its overall financial condition.

In February 2001, the Company issued 1,000,000 shares of common stock, under Section 4(2) of the Act, for settlement of computer and marketing consulting services in the amount of $52,768. Regarding these issuances two (2) were affiliates, five (5) were non-affiliates.

In July 2001, the Company issued 74,000 shares of common stock. Of these shares 49,000 shares were issued under Section 4(2) of the Act to non-affiliated accredited investor for marketing consulting and compensation for automotive sales related services valued at $ 27,000 and the balance, 25,000 shares were issued pursuant to Regulation S for a direct investment in the company by an unrelated entity owned by non-US resident in an off-shore transaction.

In January 2002, the Company issued 140,000 shares of common stock, under Section 4 (2) of the Act in exchange for legal and marketing services valued at $ 21,000 to 4 non-affiliated individuals.

In March 2002, the Company issued 400,000 shares of common stock in conjunction with a consulting agreement valued at $80,000 to a non-affiliated individual.

In April 2002, the Company issued 50,000 shares of common stock, under Section 4(2) of the Act, for settlement of marketing consulting services in the amount of $11,000 to a non-affiliated individual.

In July 2002, the Company issued 442,115 shares of common stock, under Section 4(2) of the Act, for the acquisitions of the LensComfort™ brand name, the SoySlim™ product line, and the rights to the Global P.O.M.™ Security System. Also under Section 4(2) the Company issued 260,000 shares of common stock for product development consulting services in the amount of $100,000 to three (3) non-affiliated individuals.

In October 2002, the Company issued 203,132 shares of common stock, under Section 4(2) of the Act, for the marketing, manufacturing and product development consulting and legal services in the amount of $37,313 to five (5) non-affiliated individuals.

Item 6. Management's Discussion And Analysis Of Financial Condition And Results Of Operation

Results of Operations

Twelve months ended March 31, 2003 and 2002

During the twelve month period ending March 31, 2003, the Company incurred a loss of $274,242 compared to a loss of $843,917 for the same period ended March 31, 2002. The main component contributing to the decrease in loss from year to year was the cessation of operations of our wholly owned subsidiary AutoSmart USA, Inc.

Revenues

During the twelve month period ending March 31, 2003, the Company's revenues from continuing operations $39,262 compared to $45,800 for the same period ended March 31, 2002. Revenues are principally from services and commissions from providing marketing plans, services related to the Internet marketing arena and sales from health related products. Revenues from marketing and Internet related activity are recognized when the services are completed. Sales from health related products are recognized when the product is shipped.

Operating Expenses

During the twelve months ended March 31, 2003, the company incurred $302,495 in operating expenses from continued operations as compared to $208,202 in the same period in 2002. This increase was primarily driven in the area of selling, general and administration.

Material changes in financial condition, liquidity and capital resources

At March 31, 2003, the Company had $333 in cash and cash equivalents compared to $1,944 for the same period in 2002. The Company had a negative working capital of approximately $846,032 at March 31, 2003 compared to a negative $819,000 for the same period in 2002. The Company's operations are not generating sufficient cash to maintain its present operations. The Company's cash resources are determined entirely on the volume of sales and services generated and we currently cannot estimate how much they will contribute to our cash flow. The Company has reviewed all non-essential activities and expenditures and has aggressively curtailed these items to assist in reducing the cash used in operating activities.

INDEPENDENT AUDITORS' REPORT

Board of Directors
Interactive Multimedia Network, Inc.

We have audited the accompanying consolidated balance sheet of Interactive Multimedia Network, Inc. and subsidiaries as of March 31, 2003 and 2002 and the related consolidated statements of income, shareholders' equity (deficiency) and cash flows for the years ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Interactive Multimedia Network, Inc. and subsidiaries as of March 31, 2003 and 2002, and the consolidated results of its operations and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 5 to the financial statements, the Company has experienced an operating loss that raises substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 5. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 – ORGANIZATION AND BASIS OF PRESENTATION

Interactive Multimedia Network, Inc. (the "Company") was organized in the State of New Jersey on March 04, 1994 and reincorporated in the State of Delaware on June 13, 1995. The Company's primary business activity is marketing through multiple media channels for the purpose of facilitating on-line purchases of a variety of products and services.

The Company had two subsidiaries: AutoSmart USA, Inc., a Nevada corporation and AutoSmart USA Leasing, Inc., a Florida corporation, which operate in tandem the vehicle sales operations of the Company. During the fiscal year ended March 31, 2002, these two subsidiaries ceased operations.

During fiscal year 2003, the Company formed Best Health, Inc., a health product developer and distributor in the development stage. The Company also acquired 90 percent of the outstanding shares of SoySlim Corp., another health product distributor in the development stage. The Company also acquired the rights to a patent-pending security system known as Global *P.O.M.*™

Interactive Multimedia Network, Inc., prepares its financial statements in accordance with generally accepted accounting principles. This basis of accounting involves the application of accrual accounting; consequently, revenues and gains are recognized when earned, and expenses and losses are recognized when incurred. Financial statement items are recorded at historical cost and may not necessarily represent current values.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation

The consolidated financial statements include the accounts of the Company and all of its wholly-owned subsidiaries. All significant intercompany accounts and transactions have been eliminated in consolidation.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Certain amounts included in the financial statements are estimated based on currently available information and management's judgment as to the outcome of future conditions and circumstances. Changes in the status of certain facts or circumstances could result in material changes to the estimates used in the preparation of financial statements and actual results could differ from the estimates and assumptions. Every effort is made to ensure the integrity of such estimates.

Fair value of Financial Instruments

The carrying amounts reported in the balance sheet for cash and cash equivalents, accounts receivable, other receivables, accounts payable and accrued expenses and other liabilities approximate fair value because of the immediate or short-term maturity of these financial instruments.

Inventories

Inventories are stated at the lower of cost or market determined by the LIFO method and specific identification.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Property and Equipment:

Property and equipment are stated at cost less accumulated depreciation. Depreciation is computed using the straight-line method over the estimated useful lives when the property and equipment is placed in service.

	Estimate Useful Life (In Years)
Furniture and fixtures	7
Equipment & Vehicles	5
Computer Equipment & Software	3

Leasehold improvements are amortized over their estimated useful lives or the estimated useful lives of the leasehold improvements, whichever is shorter.

The cost of fixed assets retired or sold, together with the related accumulated depreciation, are removed from the appropriate asset and depreciation accounts, and the resulting gain or loss is included in net earnings. Maintenance and repairs are expensed as incurred.

Repairs and maintenance are charged to operations as incurred, and expenditures for significant improvements are capitalized. The cost of property and equipment retired or sold, together with the related accumulated depreciation, are removed from the appropriate asset and depreciation accounts, and the resulting gain or loss is included in operations.

Revenue Recognition

Revenues are principally from services and commissions from providing marketing plans, services related to the Internet marketing arena and sales from health related products. Revenues from marketing and Internet related activity are recognized when the services are completed. Revenues from the sale of health related products are recognized when the products are shipped to the customer.

In December 1999, the Securities and Exchange Commission ("SEC") issued Staff Accounting Bulletin No. 101 ("SAB 101"), "Revenue Recognition," which provides guidance on the recognition, presentation and disclosure of revenue in financial statements filed with the SEC. SAB 101 outlines the basic criteria that must be met to recognize revenue and provide guidance for disclosures related to revenue recognition policies. Management believes that Interactive Multimedia Network, Inc.'s revenue recognition practices are in conformity with the guidelines of SAB 101.

Earnings(Loss) Per Share of Common Stock

Earnings (Loss) per common share are calculated under the provisions of SFAS No. 128, "Earnings per Share," which establishes standards for computing and presenting earnings per share. SFAS No. 128 requires the Company to report both basic earnings (loss) per share, which is based on the weighted-average number of common shares outstanding during the period, and diluted earnings (loss) per share, which is based on the weighted-average number of common shares outstanding plus all potential dilutive common shares outstanding. Options and warrants are not considered in calculating diluted earnings (loss) per share since considering such items would have an anti-dilutive effect.

Statement of Cash Flows

For purposes of the statement of cash flows, the Company considers all highly liquid instruments with original maturities of three months or less to be cash equivalents.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Recent Accounting Pronouncements:

The Statement of Financial Accounting Standards Board (SFAS) No. 141, "Business Combinations," was issued by the Financial Accounting Standards Board (FASB) in July 2001. This Statement establishes standards for accounting and reporting for business combinations. This statement requires the purchase method of accounting to be used for all business combinations, and prohibits the pooling-of-interests method of accounting. This Statement is effective for all business combinations initiated after June 30, 2001 and supercedes APB Opinion No. 16, "Business Combinations" as well as Financial Accounting Standards Board Statement of Financial Accounting Standards No. 38, "Accounting for Preacquisition Contingencies of Purchased Enterprises." The adoption of this statement by the Company did not have a material impact on its financial condition or results of operations.

The Statement of Financial Accounting Standards Board (SFAS) No. 142, "Goodwill and Other Intangible Assets," was issued by the Financial Accounting Standards Board (FASB) in July 2001. This Statement addresses how intangible assets that are acquired individually or with a group of other assets should be accounted for in financial statements upon their acquisition. This statement requires goodwill amortization to cease and for goodwill to be periodically reviewed for impairment, for fiscal years beginning after October 31, 2001. SFAS No. 142 supercedes APB Opinion No. 17, "Intangible Assets." The adoption of this statement by the Company did not have a material impact on its financial condition or results of operations.

The Statement of Financial Accounting Standards Board (SFAS) No. 143, "Accounting for Asset Retirement Obligation," was issued by the Financial Accounting Standards Board (FASB) in August 2001. This Statement will require companies to record a liability for asset retirement obligations in the period in which they are incurred, which typically could be upon completion or shortly thereafter. The FASB decided to limit the scope to legal obligation and the liability will be recorded at fair value. This Statement is effective for fiscal years beginning after June 15, 2002. The Company does not expect the adoption of this statement to have a material impact on its financial condition or results of operations.

The Statement of Financial Accounting Standards Board (SFAS) No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets," was issued by the Financial Accounting Standards Board (FASB) in October 2001. This Statement provides a single accounting model for long-lived assets to be disposed of and replaces SFAS No. 121 "Accounting for the Impairment of Long-Lived Assets and Long-Lived Assets to Be Disposed Of." This Statement is effective for fiscal years beginning after December 15, 2001. The adoption of this statement by the Company did not have a material impact on its financial condition or results of operations.

NOTE 4 – COMMITMENTS AND CONTIGENCIES

Legal Proceedings

In September 2002, the Company's wholly owned subsidiaries, AutoSmart USA, Inc. and AutoSmart Leasing, Inc. ceased operations. Due to unpaid obligations to vendors, AutoSmart USA, Inc. is currently a party to several lawsuits in which the total amount being requested for recovery from AutoSmart USA, Inc. is approximately $280,332.

NOTE 5 – GOING CONCERN

The accompanying financial statements have been prepared assuming the Company will continue as a going concern. The company reported a net loss of $274,242 and $843,917 for the years ended March 31, 2003 and 2002 respectively. Management anticipates that additional investments will be needed to develop an effective sales and marketing program before the organization will generate sufficient cash flow from operations to meet current operating expenses and overhead. Management has continued to develop a strategic plan to develop a management team, maintain reporting compliance and seek new expansive areas in marketing through multiple media channels. Management intends to seek new capital from new equity security issuance's that will provide funds needed to increase liquidity, fund internal growth, and fully implement its business plan.

NOTE 6 – DISCONTINUED OPERATIONS

In September 2002, The Company ceased operations at its wholly owned subsidiaries, AutoSmart USA, Inc. and AutoSmart Leasing, Inc. The results of those businesses have been reflected as Discontinued Operations in the accompanying consolidated financial statements. Operating results of the discontinued operations are as follows:

	2002
Net Sales	1,350,673
Income before income taxes	(692,373)
Provision for income taxes	-
Income from discontinued operations	**(692,373)**

NOTE 7 – RELATED PARTY TRANSACTIONS

The Company has been involved in periodic transactions, whereby money has been advanced to the former President of the Company and the former President of the Company has advanced money to the Company. As of March 31, 2003 the Company was obligated to the former President for a total of $9,970.

Legal services to Interactive Multimedia Network, Inc. have been performed by Verdiramo & Verdiramo, P.A.. This professional association is owned by Vincent L. Verdiramo, the former President of Interactive Multimedia Network, Inc. and his son Vincent S. Verdiramo. The cost of legal services billed to the Company for the year ended March 31, 2003 was $18,100.00 and $19,740.00. for the year ended March 31, 2002.

Verdiramo & Verdiramo, P.A. is providing limited use of office space to Interactive Multimedia Networks, Inc.. Although Verdiramo & Verdiramo, P.A. has agreed not to charge rent and is not expecting payment from the Company for the office use, an amount has been reflected in the financial statements as rent expense with an offset to Paid in Capital in the amount of $1,200 for the fiscal year ended March 31, 2003 and $1,200 for the fiscal year ended March 31, 2002.

The Company has received loans and advances from stockholders during the year. These transactions are in the form of unsecured demand loans bearing interest of 4% to 8% per annum. The balance due at March 31, 2002 is $94,841 which includes approximately $17,071 accrued interest on these loans.

NOTE 8 – STOCKHOLDER'S EQUITY

Preferred Stock

The company has 5,000,000 shares of preferred stock with a par value of $0.001, which to date have never been issued. The preferred stock contains no voting privileges and is not entitled to accrue dividends or convert into shares of the Company's common stock.

NOTE 9 – OPTIONS AND WARRANTS

In December 1998, Marion Verdiramo, a related party, returned 2,000,000 shares of common stock to the Company as part of a capital restructuring and in return received 2,000,000 common stock options at $0.10 per share which can be exercised any time during the subsequent three years. This exchange was believed to be beneficial to the Company as it reduced its outstanding float. Prior to their expiration, the Company and Ms. Verdiramo agreed to extend the term of this Option Agreement for an additional five (5) years. These options were valued at $330,000 based upon the minimal value of the common stock at the time of the options' issuance.

Marion Verdiramo has never been an employee, officer, director or independent consultant for the Company. Marion Verdiramo converted a loan to the Company for 2,000,000 shares of restricted common stock. Subsequently, those shares were never freed from restrictive legend and returned to the Company.

NOTE 10 – INCOME TAXES

The Company did not provide any current or deferred United States federal, state or foreign income tax provision or benefit for the period presented because it has experienced operating losses since inception. The Company has provided a full valuation allowance on the deferred tax asset, consisting primarily of net operating loss carryforwards, because of uncertainty regarding its realizability.

NOTE 11 – BUSINESS SEGMENT INFORMATION

The Company's segment information has been prepared in accordance with Financial Accounting Standards Board (FASB) Statement of Financial Accounting Standards (SFAS) No. 131, "Disclosures about Segments of an Enterprise and Related Information." Segments were determined based on products and services provided by each segment. Accounting policies of the segments are the same as those described in the summary of significant accounting policies. Performance of the segments is evaluated on operating income (loss) before taxes, interest income or expense and other income or (loss). The Company has elected to organize it businesses based principally upon products and services. Interactive Multimedia Network, Inc. has two reportable segments: Marketing, including services related to the Internet marketing arena and sales or commissions from the sale or lease of vehicles.
